# Food Stamps to the Hungry

## Table Data

Texas and U.S. data from: U.S. Department of Agriculture (USDA), Food and Nutrition Service. "Reaching those in need: State food stamp participation rates."

<http://www.fns.usda.gov/oane/MENU/Published/FSP/FSPPartState.htm>.

2000-2001:

2003-2005:

<http://www.fns.usda.gov/oane/MENU/Published/FSP/FILES/Participation/Reaching2005.pdf>

Each year, current socioeconomic data is used to more accurately estimate population eligible for food stamps in recent years. Revised estimates are published for past years based on these adjustments.

Texans Care For Children calculated the U.S. average and rank ordered the states based on the above data.

Texas Care For Children applied the HHS calculation method used in the 2002 report to the state-level data for all years. Calculations include all states that report but exclude HHS-created estimates for non-reporting states. The only difference noted is between the HHS reported rate for 2000 (41.7) and the calculation with 2002 methodology (47.7); HHS used a different methodology in 2000 than it used in other years.
